

Wyoming NORML Event Report

February 22th, 2016

11:00 A.M. – 1:30 P.M

Sheridan College 3059 Coffeen Avenue Sheridan, Wyoming 82801

Thorne-Rider Campus Center

We had a great response at Sheridan College. Mona and Steve Mitzl (coordinators for Sheridan and Campbell counties) showed up as well as Greg Scheutz Director Wyoming NORML, and Scott Sidman Deputy Director Wyoming NORML. We managed to acquire 30 to 40 signatures. There were several students that ran down to the court house and registered to vote and then came back to sign the petition.

We also had Zach Spadt from The Sheridan Press show up and did an article about the petition. I would personally like to thank him for his article. It was a well written no bias report that had good information. We also need to give a special thanks to Phillip Smith of Sheridan for his support and allowing Zach to place his picture, while signing the petition, in his article! Also for speaking out in regards to his opinion of cannabis prohoibition!

The student body, faculty, and staff were extremely courteous and helpful. We would like to thank them for allowing us to be there!
